

## English Version

## Pedestal and wall-hung bidets with over-rim supply - Connecting dimensions

Bidets sur pied et bidets suspendus à alimentation par surverse - Cotes de raccordement

Bodenstehende und wandhängende Sitzwaschbecken mit Zulauf von oben - Anschlussmaße

This European Standard was approved by CEN on 10 April 2014.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

## Foreword

This document (EN 35:2014) has been prepared by Technical Committee CEN/TC 163 "Sanitary appliances", the secretariat of which is held by UNI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by November 2014 and conflicting national standards shall be withdrawn at the latest by November 2014.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN [and/or CENELEC] shall not be held responsible for identifying any or all such patent rights..

This document supersedes EN 35:2000, EN 36:1998.

This document differs from EN 35:2000 and EN 36:1998 as follows:

- a) these two European Standards covering connecting dimensions for various types of bidets have been combined in one European Standard;
- b) part of connecting dimensions have been modified taking into account current model developments;
- c) part of designations have been clarified to improve readability of standard and to dissolve double designations.

This document combines connecting dimensions standards for different types of bidets. It introduces modifications on dimensions and new designations to improve the readability and dissolve double designations.

According to the CEN-CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

## 1 Scope

This European Standard specifies the connecting dimensions of pedestal and wall-hung bidets with over-rim supply (further on: bidets) in accordance with EN 14528 regardless of materials used for their manufacture.

NOTE 1 Other connecting dimensions are permitted, e. g. special designs of bidets, if the manufacturer supplies or recommends the appropriate fitting.

NOTE 2 The shape of the appliance in the figures is for illustration only; it in no way prejudices the final shape of the appliance, which is left to the initiative of the manufacturer.

## 2 Normative references

The following documents, in whole or in part, are normatively referenced in this document and are indispensable for its application. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

EN 14528, *Bidets - Functional requirements and test methods*
