1 Modification to the Foreword

Between the 4th and 5th paragraphs, add the following paragraph:

"For the purposes of global relevance, the requirements of all clauses referring to ISO/TS 3691-7 have been transferred and published as European Standard EN 16307-5, *Industrial trucks – Safety requirements and verification – Part 5: Supplementary requirements for pedestrian-propelled trucks.*".

2 Modification to the Annex ZA (informative), Relationship between this European Standard and the Essential Requirements of EU Directive 2006/42/EC

Replace the 2nd paragraph with the following one:

"Once this standard is cited in the Official Journal of the European Union under that Directive and has been implemented as a national standard in at least one Member State, compliance with the clauses of this standard with the exclusion of all references to ISO/TS 3691-8 confers, within the limits of the scope of this standard, a presumption of conformity with the relevant Essential Requirements of that Directive and associated EFTA regulations.".
