## Spectator facilities - Part 8: Safety Management

Installations pour spectateurs - Partie 8: Management  
de la sécurité

Zuschaueranlagen - Teil 8: Sicherheitsmanagement

This European Standard was approved by CEN on 3 March 2017.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

## European foreword

This document (EN 13200-8:2017) has been prepared by Technical Committee CEN/TC 315 "Spectator facilities", the secretariat of which is held by UNI.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by November 2017, and conflicting national standards shall be withdrawn at the latest by November 2017.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN shall not be held responsible for identifying any or all such patent rights.

EN 13200, *Spectator facilities*, consists of the following parts:

- Part 1: General characteristics for spectator viewing area;
- Part 2 <sup>1)</sup>: Characteristics;
- Part 3: Separating elements - Requirements;
- Part 4: Seats -Product characteristics;
- Part 5: Telescopic stands;
- Part 6: Demountable (temporary) stands;
- Part 7: Entry and exit elements and routes;
- Part 8: Safety Management;
- Part 9 <sup>2)</sup>: Communications systems in spectator facilities.

According to the CEN-CENELEC Internal Regulations, the national standards organizations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

---

1) Draft in preparation.

2) Draft in preparation.

## **Introduction**

This European Standard has been prepared in order to specify the general criteria for spectator safety management.

Attention is drawn to the fact that in certain Countries additional/different requirements may be applicable due to existing national regulations or equivalent.

This European Standard starts from the council of the European Union Resolution of 4 December 2006 and has been prepared in order to specify the technical general criteria for the planning and safety of the management in spectator facilities.

The fundamental principles contained in this document are appropriate to all events regardless of size, activity or audience profile.

The extent by which these details are adopted will vary and all of the processes and procedures will not be appropriate, dependent on the size of the event. However all events should strive to achieve the highest possible standards highlighted by this document.

## 1 Scope

This European Standard specifies general characteristics of safety management in spectator facilities.

It specifies the layout and the planning of the management, the criteria to maintain this planning before, during and after any event.

It covers the following:

- the safety personnel;
- safety policy;
- safety procedures.

This European Standard does not apply for the roles and responsibilities of those who are part of the security system (police and security companies).

## 2 Normative references

Not applicable.
