This European Standard was approved by CEN on 23 September 2019.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

European foreword

This document (EN 12640:2019) has been prepared by Technical Committee CEN/TC 119 "Intermodal Loading Units and Cargo Securing (ILUCS)", the secretariat of which is held by DIN.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by June 2020, and conflicting national standards shall be withdrawn at the latest by June 2020.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN shall not be held responsible for identifying any or all such patent rights.

This document supersedes EN 12460:2000. The main technical changes are:

- a) in clause 3, the terms and definitions were updated;
- b) in clause 4, the following content was added:
 - vehicles GVM under 3.500 kg;
 - lashing angles were updated;
 - defined reference hook;
 - strength of lashing points updated;
 - number and arrangement of lashing points updated.
- c) in clause 5, verifications were updated;
- d) in clause 6, testing was updated;
- e) in clause 7, marking was updated;
- f) the following clause and Annexes are new:
 - clause 8;
 - Annex A;
 - Annex B.

Annex A is normative and Annex B is informative.

According to the CEN-CENELEC Internal Regulations, the national standards organisations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

EN 12640:2019 (E)

1 Scope

This document specifies the minimum requirements and test methods for lashing points for cargo securing on commercial vehicles and intermodal loading units for cargo transport.

This document does not apply to:

- Vehicles and intermodal loading units manufactured before publication of this standard;
- Vehicles and intermodal loading units designed and constructed exclusively for the transport of bulk materials;
- Vehicles and intermodal loading units designed and constructed exclusively for the transport of specific cargo with particular securing requirements;
- Vehicles (delivery vans) in conformance to ISO 27956;
- ISO series 1 freight containers.

2 Normative references

There are no normative references in this document.
