## **Foreword**

This document (CEN Guide 18:2021) has been prepared by Technical Committee CEN/SFG\_U “Sub Forum Gas Utilization”, the secretariat of which is held by AFNOR.

This document is intended for the use of Technical Committees writing product and/or supporting standards in the field of gas appliances and fittings.

It gives guidelines for the development of standards to support the Essential Requirements of the Gas Appliances Regulation (EU) 2016/426.

As a response to the increased number of standards dealing with gas appliances and fittings not published in the Official Journal of the European Union, the relevant Gas Technical Committees have undertaken publication of guidelines for the implementation of Essential Requirements of GAR in European gas product standards, supplementing the CEN/CENELEC Internal Regulations, Part 3:2019, which sets out general principles and requirements for all European Standards.

## CEN Guide 18:2021 (E)

### 1 Scope

This document presents guidelines for the implementation of Essential Requirements of Gas Appliances Regulation (EU) 2016/426 into hEN candidates for citation in the OJEU.

This document gives guidance that is additional to the CEN/CENELEC Internal Regulations, Part 3:2019, when this is necessary owing to the special requirements of gas appliances and fittings.

This document is intended for the drafting of gas appliances and fittings standards.

### 2 Normative references

The following documents are referred to in the text in such a way that some or all of their content constitutes requirements of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

CEN/CENELEC Internal Regulations, Part 3:2019, *Principles and rules for the structure and drafting of CEN and CENELEC documents (ISO/IEC Directives Part 2:2018, modified)*

EN 1672-2:2005+A1:2009, *Food processing machinery — Basic concepts — Part 2: Hygiene requirements*

EN 60335-2-102:2016, *Household and similar electrical appliances — Safety — Particular requirements for gas, oil and solid-fuel burning appliances having electrical connections (IEC 60335-2-102:2004, modified)*

EN 60730-1, *Automatic electrical controls — Part 1: General requirements (IEC 60730-1)*

EN ISO 13732-1, *Ergonomics of the thermal environment — Methods for the assessment of human responses to contact with surfaces — Part 1: Hot surfaces (ISO 13732-1)*
