INTRODUCTION

Replace, under "Part 2: Environment", the first line "Description levels" with the following:

Description of the environment

1 Scope

Replace the fourth paragraph with the following:

Arc welding equipment, which is not professional equipment, with a rated input current up to and including 16 A per phase, is included in the scope of this document. All other arc welding equipment is excluded from the scope of this document; however, the harmonics emission can be evaluated using IEC 61000-3-12 and relevant installation restrictions.
