English Version

**Reporting in support of supervision of online gambling services by the gambling regulatory authorities of the Member States**

Remontées d'informations à l'appui de la surveillance des services de jeux d'argent et de hasard en ligne par les autorités de régulation des jeux en ligne des États membres

Berichterstattung zur Unterstützung der Aufsicht über Online-Glücksspiele durch die Glücksspielaufsichtsbehörden der Mitgliedstaaten

This European Standard was approved by CEN on 25 July 2021.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

**EN 17531:2021 (E)****European foreword**

This document (EN 17531:2021) has been prepared by Technical Committee CEN/TC 456 "Reporting in support of online gambling supervision", the secretariat of which is held by AFNOR.

This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by March 2022, and conflicting national standards shall be withdrawn at the latest by March 2022.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN shall not be held responsible for identifying any or all such patent rights.

This document has been prepared under a mandate given to CEN by the European Commission and the European Free Trade Association.

Any feedback and questions on this document should be directed to the users' national standards body. A complete listing of these bodies can be found on the CEN website.

According to the CEN-CENELEC Internal Regulations, the national standards organisations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

## Introduction

This document was developed in response to a European Commission standardisation request as regards a European standard on reporting in support of supervision of online gambling services by the gambling regulatory authorities of the Member States of 4 April 2018.

This document seeks to identify the data elements needed by Members States' regulatory authorities for online gambling supervision purposes. However, it recognizes that some Member States **may** need to add data elements that are unique to, or required in, their regulation of online gambling. Further, in some Member States, regulatory authorities **may** not be permitted to collect certain data, such as player personal information. Therefore, some clauses in this standard **may** not be applicable to some Member States. It is the responsibility of the operators and suppliers to ensure compliance with the requirements of each Member State.

Additionally, the document seeks to provide regulatory authorities with access to data reports that will support the achievement of their objectives of public policy, in particular consumer protection, operational transparency, game fairness, and the detection and prevention of fraud and betting-related match-fixing.

Given the divergent regulation of all forms of gambling and in the absence of harmonisation, the document aims at minimising administrative burden for regulatory authorities, operators and suppliers resulting from compliance with different regulatory reporting requirements through a voluntary standard.

**EN 17531:2021 (E)**

## 1 Scope

The development of (a) European standard(s) on reporting by online gambling service operators and suppliers to the gambling regulatory authorities in the Member States for the purpose of supervision of online gambling services standard (referred to within the specification as OGR or Online Gambling Reporting).

It will provide a voluntary tool to the gambling regulatory authorities in the Member States, without prejudice to the competence of Member States in the regulation of online gambling. It does not impose any obligation on them to introduce or alter reporting requirements or to authorise or deny authorisation to any operators or suppliers for example where the national gambling legislation imposes other rules. Member States remain competent to define for which games reporting should take place. The scope of reporting is in accordance with the applicable legislation in the Member State where the operator is licensed and where services are offered to consumers.
