Organic and organo-mineral fertilizers - Detection of specific pathogens

Táto norma obsahuje anglickú verziu európskej normy.  
This standard includes the English version of the European Standard.

Táto norma bola oznámená vo Vestníku ÚNMS SR č. 08/22

Táto predbežná slovenská technická norma je určená na overenie. Prípadné pripomienky pošlite do mája 2024 Úradu pre normalizáciu, metrológiu a skúšobníctvo SR.

Obsahuje: CEN/TS 17803:2022

English Version

**Organic and organo-mineral fertilizers - Detection of  
specific pathogens**

Engrais organiques et organo-minéraux - Recherche  
d'agents pathogènes spécifiques

Organische und organisch-mineralische Düngemittel -  
Nachweis spezifischer Pathogene

This Technical Specification (CEN/TS) was approved by CEN on 13 April 2022 for provisional application.

The period of validity of this CEN/TS is limited initially to three years. After two years the members of CEN will be requested to submit their comments, particularly on the question whether the CEN/TS can be converted into a European Standard.

CEN members are required to announce the existence of this CEN/TS in the same way as for an EN and to make the CEN/TS available promptly at national level in an appropriate form. It is permissible to keep conflicting national standards in force (in parallel to the CEN/TS) until the final decision about the possible conversion of the CEN/TS into an EN is reached.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

## **European foreword**

This document (CEN/TS 17803:2022) has been prepared by Technical Committee CEN/TC 260 “Fertilizers and liming materials” the secretariat of which is held by DIN.

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN shall not be held responsible for identifying any or all such patent rights.

This document has been prepared under a standardization request given to CEN by the European Commission and the European Free Trade Association.

Any feedback and questions on this document should be directed to the users’ national standards body. A complete listing of these bodies can be found on the CEN website.

According to the CEN/CENELEC Internal Regulations, the national standards organisations of the following countries are bound to announce this Technical Specification: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Republic of North Macedonia, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

**CEN/TS 17803:2022 (E)****Introduction**

Regulation (EU) 2019/1009 [2] lays down the rules on the making available on the market of EU fertilizing products and the specific safety and quality requirements for the defined product function categories (PFCs). Organic and organo-mineral fertilizers have been classified as PFC 1(A) and PFC 1(B). Inorganic fertilizers have been classified as PFC 1(C).

In this document the normative references of the test methods to be used for organic and organo-mineral fertilizers are defined in order to measure the compliance with the related requirement in Regulation (EU) 2019/1009 [2].

## **1 Scope**

This document is applicable to organic and organo-mineral fertilizers. It is relevant for fertilizing products which are classified as PFC 1(A) and PFC 1(B) as long as the main function of the EU fertilizing product is classified as PFC 1(A) and PFC1(B) of Regulation (EU) 2019/1009 [2].

This document specifies references to the methods for the:

- detection of *Enterococcaceae*;
- detection of *Salmonella* spp.;
- detection of *Escherichia coli*.

## **2 Normative references**

The following documents are referred to in the text in such a way that some or all of their content constitutes requirements of this document. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

EN 12944-1:1999,<sup>1</sup> *Fertilizers and liming materials - Vocabulary - Part 1: General terms*

EN 12944-2:1999,<sup>2</sup> *Fertilizers and liming materials - Vocabulary - Part 2: Terms relating to fertilizers*

CEN/TS 17804:2022, *Organic, organo-mineral and inorganic fertilizers — Detection of Enterococcaceae*

CEN/TS 17780:2022, *Organic, organo-mineral and inorganic fertilizers — Detection of Salmonella spp.*

CEN/TS 17781:2022, *Organic, organo-mineral and inorganic fertilizers — Detection of Escherichia coli*
