**1**      **Correction of 4.2.10** ..... **3**

## **1 Correction of 4.2.10**

*Replace the text in 4.2.10 with the following:*

**“4.2.10** The lg reduction is usually expressed as a decimal logarithm (lg) with two significant figures after the comma. If the last digit is less than 5, the preceding digit is not changed; if the last digit is 5 or more, the preceding digit is increased by one unit, e.g. 5,148 lg is represented as 5,15 lg; 5,143 is represented as 5,14. If a specific standard stipulates an alternative rule for the figure presentation, the rule within the specific standard shall be used.”
